[Bird Books - North American Birds - Birds of North America](#)

The book called "The Complete Birds of North America", is a book recommended to be part of any birders library. This book covers all the native and vagrant species of birds seen on the North American Continent.

[Birds of North America: A Guide to Field Identification by ...](#)

I bought Birds of North America, popularly known as the Golden Guide, the year it came out, when I was 6, and it's still my go-to guide. This edition - illustrated by Arthur Singer - has been out of print for several years, and in the

birding world it has been out of fashion for considerably longer.

#### **Explore | Birds of North America Online**

Birds of North America (BNA) is the most comprehensive reference for the life histories of over 760 bird species that breed in the United States and Canada.
