What 1000s of Near Death Experiences Can Teach Us ... - goop

Of all the shared near-death experiences that I've studied in my research series, one of the people permanently, irreversibly died and yet they were communicating during their near-death experience, often in great detail. So, the remarkably good news is that near-death experiences may well be what actually happens based on shared near-death

experiences.

NDE: The Definitive Guide to Near Death Experiences

...

The science of near death experiences was started in earnest by this longitudinal study of the near death experiences of 344 cardiac patients in ten Dutch hospitals. It found that 62 adult patients (roughly one out of five) experienced an NDE with some typical characteristics. No patients reported distressing or frightening NDEs.
