lthough the term diversity is widely used, there is often no agree- A ment as to its meaning or how attention to diversity should be - erationalized within the context of programming or research. This text provides a foundation

for the examination of such issues, with suggestions for the **Diversity and Special Issues in Substance Abuse - IUGS**. Finally, this course will provide a comprehensive overview of the theory and research regarding diversity issues in addiction treatment. **Course Outcomes:** After completing this course, candidates will be able to: Describe, analyse, and assess theoretical concepts and fundamental research in diversity and special issues in substance abuse.

Diversity Issues in Treatment | Springer for Research ...

Diversity Issues in Substance Abuse Treatment and Research pp 145-163 | Cite as: Diversity Issues in Treatment, Chapter, 62 Downloads: Abstract, The previous chapters examined concepts of diversity and the historical and cultural contexts that give rise to both the experiences of various groups and to our understandings of diversity. Chapters 6 and 7 focus on the application of these

Diversity Issues in Addiction and Treatment Research ...

Abstract. As in the context of treatment, the concept of diversity is strongly linked to the ethical principle of justice, which demands that there be an equitable sharing of the benefits and the burdens of research.

Ethnicity and Substance Abuse - Alcohol Rehab

Problem drug users are those who regularly use drugs and have social and health complications as a result of their drug use. Cannabis, amphetamines and opiates are the most popular drugs used. Prescription and over-the-counter drugs are increasingly being abused throughout the world. In the United States, these substances were reportedly the primary abuse drug in 4 per cent of all treatment

Diversity Issues in Treatment and Assessment

Diversity Issues in Treatment and Assessment, Culture Defined An identifiable social entity with whom a person identifies and to whom she looks for standards of behavior. Overview Nearly 20% of U.S. is an ethnic minority. Over half ethnic minorities are women. Prevalence for mental disorder among Blacks is similar to Whites. Prevalence of mental disorder in Latinos and Asians varies with
