[DSM History - psychiatry.org](#)

DSM History. The need for a classification of mental disorders has been clear throughout the history of medicine, but until recently there was little agreement on which disorders should be included and the optimal method for their organization.

[DSM - APA Citation Style - Subject Guides at University of ...](#)

The DSM 5 s classification involves a shift from the traditional categorical approach to a dimensional approach. The changes involving the removal of the legal problems criterion and the addition of a craving criterion were retained in the final revision of the diagnostic criteria (American Psychiatric Association, 2013).
