Globalization in the Modern World - ThoughtCo

Globalization is the process of increased interconnectedness among countries most notably in the areas of economics, politics, and culture. McDonald's in Japan, French films being played in Minneapolis, and the United Nations are all representations of globalization.

Globalization: Definition, Processes and Concepts

Key aspects of globalization Globalization is the favorite trap-concept of journalists and politicians. The term has also become the key idea for the practice and theory of the business, but also came in academic debates.

Unfortunately, what people want to express or define by globalization is often confusing. We further examine some key issues of the theory and experience of globalization.
