Third, international mediation is not conducted solely by official actors such as states or international organisations. Non-official parties such as individuals and non-governmental organisations increasingly intervene as third-party mediators in conflicts. Both official and unofficial interventions are conceptualized as tracks of diplomacy (ToDs). Even though there is a vast quantitative

International Mediation and Intractable Conflict | Beyond ...

Mediation is a process of conflict management, related to but distinct from the parties' own negotiations, where those in conflict seek the assistance of, or accept an offer of help from, an outsider (whether an individual, an organization, a group, or a state) to change their perceptions or behavior, and to do so without resorting to physical

Mediating International Conflicts- Bercovitch

Introduction. Mediation is one of the oldest and most common conflict resolution mechanisms in international conflicts. When it is applied correctly it can help to manage or settle a conflict.
