It might help you to start with the final chapter, *Toward a Comprehensive Food Ethic*, her testimonial as an ardent locavore, so that you can read the rest of the book without nagging worries that she does not care if she puts farmers out of business.

Labor and the Locavore: The Making of a Comprehensive Food ...

Labor and the Locavore focuses on one of the most vibrant local food economies in the country, the Hudson Valley that supplies New York restaurants and farmers markets. Based on more than a decade's in-depth interviews with workers, farmers, and others, Gray's examination clearly shows how the currency of agrarian values serves to mask the labor concerns of an already hidden workforce. She also explores the historical roots of farmworkers' predicaments and examines the ethnic shift from
