[Marital Separation and Lethal Domestic Violence: Desmond ...](#)

Because separation is one of the most significant predictors of domestic violence, this book is exclusively devoted to theorizing, researching, and preventing lethal domestic violence or other assaults triggered by marital separation. The authors provide evidence supporting the use of an estrangement-specific risk assessment and estrangement-focused public education to prevent murders and

[Marital Separation and Lethal Domestic Violence ...](#)

In addition to presenting findings indicating that separation is strongly associated with intimate partner violence, this chapter assesses the relative risk of lethal domestic violence for separated and divorced male and female partners, and investigates the effect of recency of separation, gender, and residence, on homicide and femicide following separation.
