The Economics of Money, Banking and Financial Markets brings a fresh perspective to today's major questions surrounding financial policy. Influenced by his term as Governor of the Federal Reserve, Frederic Mishkin offers students a unique viewpoint and informed insight into the monetary policy process, the regulation and supervision of the financial system, and the internationalization of  
Economics Money Banking Financial Markets: MISHKIN ...  
The Economics of Money, Banking, and Financial Markets is a text book published in 1997. I bought it because I want to understand the subject without the focus on the recent crises. I bought this one and "Modern Banking (2005)" to better understand how the markets function and the crises. Mishkin identified the factors that made the crisis worse 10 years before the financial crisis. I am only
