Psychology of Music; Carl E. Seashore; 9780486218519 ...

This middle ground is the province of the psychology of music, a subject about which even many physical scientists know little. This introduction, by the developer of the Seashore test of musical ability, is a thorough survey of this field, the standard book for psychologists specializing in the area, for the school, and for interested musicologists. It opens with the musical mind and with a
The Psychology of Music; Diana Deutsch; 9780123814609 ...

The Psychology of Music, Third Edition, is a comprehensive reference for understanding the perception, cognition, and performance of music. The first edition became the calling card for the establishment of the field, the second edition was extremely well-reviewed, and the third edition is now 80% revised, incorporating what are now standard
