[Radium and the Secret of Life: Luis A. Campos ...](#)

Radium and the Secret of Life is engagingly written and well referenced and contains appropriate illustrations." (Istis ) " Radium and the Secret of Life uncovers the impact of radium in yet another realm, showing the transformative presence of radium in the history of biology and, in particular, in the early history of genetics."

[Radium and the Secret of Life, Campos - press.uchicago.edu](#)

"Radium and the Secret of Life is as much a history of ideas as it is a history of particular investigators and their work, and Campos weaves together these two threads in a way that is both convincing and engaging.

**Radium and the Secret of Life - Walmart.com**

Long before the hydrogen bomb indelibly associated radioactivity with death, many chemists, physicists, botanists, and geneticists were excited thinking that radium held the key to the secret of life.

**Radium and the Secret of Life - Chicago Scholarship**

Radium and the Secret of Life traces the half-life of this transmuting connection between radium and life to recover this forgotten story of the remarkably provocative and productive connections between radioactivity and the life sciences long before the dawn of molecular biology made such connections seem commonplace.
