[Teaching Social Studies - Teachers Make a Difference](#) General social studies establishes a foundation for all of the subsequent, more specific classes that students will take in history, civics and the like. Typically, students take general social studies in elementary school, then move to more specific areas of study in middle school, and even more in-depth subjects in high school and college.

In this new text for the Education market, Susan Gibson uses a constructivist framework to guide teacher candidates learning how to teach Social Studies at the elementary level. The basis premise of constructivism is students learn by fitting new information together with what they already know, and students active engagement. Constructivism is the opposite of a didactic approach to teaching.
