Welfare State | Definition of Welfare State by Merriam-Webster

Welfare state definition is - a social system based on the assumption by a political state of primary responsibility for the individual and social welfare of its citizens. How to use welfare state in a sentence.

International Relations Terms Flashcards | Quizlet

the condition of a state having control and authority over its own territory and being free from any higher legal authority. It is related to, but distinct from, the condition of a government being free from any political constraints.

The Social Contract Revisited: The Modern Welfare State | FLJS

The Social Contract Revisited: The Modern Welfare State Programme Synopsis It does so through the notion of a social contract, a concept which once featured prominently in classic legal and political theory, as a means of reassessing the relationship between the individual and the state.

Welfare state | Britannica.com

Welfare state, concept of government in which the state or a well-established network of social institutions plays a key role in the protection and promotion of the economic and social well-being of citizens. It is based on the principles of equality of opportunity, equitable distribution of wealth

The welfare state: a theoretical framework for ...

The recent debate about the welfare state is a reflection of the more general discussion about the proper roles of the market mechanism and central planning in a mixed economy.

Privatize the Welfare State | Mises Institute

The Free Market 13, no. 1 (January 1995) The phrase "End Welfare As We Know It" is a classic Clinton evasion. It sounds bold and "neoliberal" at first, but on close examination it collapses into nothingness.

A World Without The Welfare State | Zero Hedge

The Welfare State makes us all poorer in character and independence. Confiscation of freedom through abridgements of individuals rights to their life, liberty and honestly acquired property, also brings with it a less humane and civil society.
