University Press, 440 pages, \$85 . In an average college course, the history of Western political theory typically follows a simple plot: A flowering of secular, republican rationality in Ancient Athens and Republican Rome foundered on a

The Watershed of Modern Politics: Law, Virtue, Kingship ...

Oakley's ground-breaking study probes the continuities and discontinuities between medieval and early modern modes of political thinking and dwells at length on the roots and nature of those contract theories that sought to legitimate political authority by grounding it in the consent of the governed.
